VENUE HIRE PACK

THE BRUNTON

at Corn Exchange Haddington

OVERVIEW

The Corn Exchange is a Category B listed building dating back to 1854 at the heart of the community in Haddington.

Recently transformed into a multi-use facility by The Brunton Theatre Trust it offers a main space with the ability to host all manner of events from gigs, theatre, comedy, cinema and children's shows to formal dinners and conferences.

In addition a smaller rear break out space is available which can be hired separately from the main hall which would be ideal for smaller scale meetings or events.

The Corn Exchange has a kitchen and a bespoke bar area, excellent bathroom facilities, free Wi-Fi and ample free car parking.

The Brunton Theatre Trust is a registered charity and all hire income raised through our venues goes right back in to supporting our Performance Programme and our Creative Learning activity that supports 100s of young people across East Lothian to engage in the performing arts throughout the year.

ACCESSIBILITY

- Located on Court Street, the main road through Haddington, there is free parking at the rear of the building.
- Access into the building is level, with accessible toilets inside. Please note access to the stage is via steps at the side of the stage

VENUE FACILITIES

- The venue has an in-house bar which we can run for your event.
- The venue has flexible seating and can be laid out in theatre style (400 capacity), cabaret (210 capacity) or as a standing space for social events. We provide seating and tables as part of your hire, and are happy to discuss additional elements that you might require.
- We provide Front of House staffing for all events, and a Duty Manager to oversee all elements so that everything runs smoothly.
- We can also provide Box Office services for events if required with a 10% commission fee charged for this service.

TECHNICAL FACILITIES

Your booking will include use of our in house technical rig, details of which can be found below. Events using the technical facilities of the venue will require at least one Brunton technician to operate the equipment. Our team are hugely experienced and will be able to support you to bring your event to life. Technical requirements can be discussed in advance, and we can support with organising any additional hires you may need.

STAGE

The stage is built up of sections of steel deck. Built at a height of 800mm from floor. Stairs provide access from both SR and SL. Drapes are provided to create wing spaces as well as an upstage crossover at floor level.

Playing width | 8m

Playing depth | 4.2m

Available | 3.5m clearance

The wing space | 2.4m x 9m
